

**F-2016-00097- clarification of F-2016-00062**

10 May 2016

**Summary of request**

The Authority received a FOI request following up earlier request F-2016-00062.

**HFEA response**

Clarification to your query is provided below:

1. I presume each mentioned cycle is one that completed in time for the delivery to have occurred. It is not clear from the way the data is presented if cycles not yet delivered are included.

I can confirm that the number of cycles listed in columns C, H & M of the attached spreadsheet were all completed in time for deliveries to have occurred in columns E, J & O.

2. Do the cycles include those in which a transfer may not have taken place, or are these ETs only?

I can confirm that the cycles listed in the attached spreadsheet includes all cycles that took place.
